

Serial No.: 10/618,813

Page 2

Remarks:

Drawings

1. The professional drawings (Figs. 1 to 5) have been enclosed to facilitate understanding of the invention. No new matter is introduced in the drawings.

Specification

2. The specification has been rewritten according to the requirements and drawings. No new matter is introduced in the specification.

Claims

3. The claims have been rewritten according to the previous claims, specification, and drawings. No new matter is introduced in the claims.

Conclusion

4. In conclusion, the novel protector provides a practical method for protecting vehicle license plates from being stolen.

Respectfully submitted,

By
